

Components group

Neon Flex Series

Bending: Horizontal

Lifespan: 50 000 h

IP 67

CRI 80

Warranty: 3 years

Neon Flex HXR One

Thanks to the lack of a defined cutting section, compact size, and exceptional flexibility, Neon Flex HXR One is ideal for creating intricate logos. A rich color palette allows for the creation of light signs in a full spectrum of colors.

Cutting flexibility

Thanks to the undefined cutting section, it allows for adjusting the length of the segment perfectly to individual preferences - down to the millimeter.

Small bending radius:

A small bending radius of just 30 mm enables the creation of highly intricate light signs and logos.

IP67 waterproof rating

Perfect for creating light signs, lettering, and logos, even in outdoor conditions - thanks to its IP67 protection class.
